Medical Education & Research Strengths

Kaiser Permanente Bay Area campuses - GSAA & DSA sponsors a complete range of general and specialty medical services including a comprehensive cancer center, and an active hospitalist program.

In 2024, there were 40,935 **hospital** admissions in KP GSAA. **(27,859 in KP San Leandro; 13,076 in KP Fremont.)**

In 2024, there were 461,787 Adult & Family Medicine Outpatient appointments in San Leandro, Fremont and Union City.

The faculty members also have a sharp focus on research efforts in areas of transformative impact on health care for our patients.

UME/GME Programs Offered

Our Structure and Size

The Kaiser Permanente Bay Area campus - GSAA & DSA facilities are home to over 1700 physicians between 21 different sites which include 4 hospitals, 12 medical office buildings, 5 mental health office buildings and a 24-hour Urgent Care and Cancer Center.

KP GSAA/DSA sponsor a complete range of general and specialty medical services including an advanced heart care/stroke center, a comprehensive cancer center, Bariatric Surgery Center, Facial Feminization Surgery center, Center of Excellence for total joint surgery and memory clinic.

All sites provide students with an opportunity to learn from a robust clinical faculty who are leaders in their respective fields. The students also get to interact with other medical students, residents and fellows during their clinical experience.

Assigning students to Service Areas

Students who apply to the KP Bay Area lottery must be willing and able to travel to the Service Area/s where they are assigned. Exchanging service areas is not allowed.

Students are assigned alphabetically by last name to the rotation.

On rotations in which students go to either DSA or GSAA, students are assigned alphabetically by last name to DSA then to GSAA.

Example: Inpatient Medicine has 5 students: 2 go to DSA and 3 go to GSAA. Those with last names starting with lower letters will be assigned to DSA, then higher letters will be assigned to GSAA.
