

Infant CPR Anytime is an “all-in-one” learning kit that teaches the basic skills of Infant CPR, Infant choking relief and calling for help in approximately 20 minutes.

Infant CPR Anytime allows users to learn these life-saving skills anywhere, either in the comfort of their own home or in large group settings.

The kit teaches CPR using the AHA’s research-proven “practice-while-watching” technique, which allows users to watch an instructional DVD while practicing their skills on a personal manikin.

Infant CPR Anytime is designed to be shared with close family members and friends to help extend lifesaving training to more people. Because more lives can be saved....
